

# BERMAGUI PRESCHOOL

## 5.07 Computers and Technology

### Written By

Narelle Myers

### Aim

- Introduce and develop computer skills
- Provide awareness and access to information technology and the broader community, through the use of the computer and access to the internet
- Develop cognitive skills through the use of developmentally appropriate software programs, web sites, etc.
- Develop fine motor skills, including hand/eye coordination

### Strategies

- Children will be instructed in the technique, safety etc before using the computer
- Children will be supervised at all times when using the computer
- Children will take turns to use the computer, one child at a time
- Developmentally appropriate software will be used
- Use of the web sites will be screened for appropriateness

### Relevant Legislation

Education and Care Services National Regulations 2011  
National Quality Standards 2010

### Resources & References
